THE NEWSLETTER OF FLACKWELL HEATH COMMUNITY ASSOCIATION

EDITORIAL NEWS.....

Last month we appealed for a new Editor. We are delighted that someone has responded; she is going to help with a few issues, to find out what is involved.

We agree, however, that we also need 'reporters' - people who will write the occasional article, on a topic suggested either by themselves or by the Editor. Ideally, between them, they would cover a wide range of ages and interests. Any budding journalists out there who'd like to try their hand?

Anyone who's always felt they could improve on our current content? (Tell us, please, we won't be offended, contact details on back page) Any topic you feel we should cover?

There will definitely be a December Grapevine. As is customary, there won't be a January issue, and events etc. planned for January should be notified to us by 15 November for inclusion in the December issue.

Flackwell Heath's Christmas on the Green

Preparation for Flackwell Heath's 'Christmas on the Green' is well underway!

The Christmas Market will showcase some of our local businesses and craftspeople, including Flackwell's very own Knead Wood Fired Pizza van, craft stalls from our local Craft Cooperative and Juniper and Carrington Schools, honey from Flackwell Heath beekeeper Rashmi Patel, coffee from the Flying Bean, roasted chestnuts, German hot-dogs, mulled wine and much more!

There will be plenty to keep the children entertained: for an entrance fee of £2 at the Community Centre, children can enjoy a party tea, Christmas disco,

Frozen Singalong with Princesses Elsa and Anna and an opportunity to meet Father Christmas himself! There will also be face-painting, the annual colouring competition, an opportunity to visit Ginny's Jungle inside the British Legion, and a special Christmas carousel.

Finally, we can look forward to live music and carols on the Green at the Jubilee Garden, with a special Christmas performance from Juniper School's choir, the West Wycombe Brass Band and the annual tree lighting ceremony led by the Revd. Chris Bull.

We look forward to a great turn-out - this is an event not to be missed!

Gardeners Go Getty's!

On Wednesday 18 September a party of 30 members and friends of the Flackwell Heath Allotment Association travelled to the Wormsley Estate near Stokenchurch for a guided tour of the famed Walled Gardens. From the entrance there was a drive of over a mile taking us past pretty estate properties and the famous and arguably the prettiest cricket pitch in the world. The estate was purchased by the late Sir Paul Getty in 1985 and remains within the family.

The weather was fantastic and everyone enjoyed a short talk on the garden from Wormsley apprentice, Matt. Matt spoke eloquently about the issues they experience such as having enough water, despite two 140ft deep wells. We learnt the garden was in a very poor state before Sir Paul bought the estate. The group were then allowed to wander around the 2 acre site which is split into 4 main areas and even has a ha ha in the orchard. The orchard itself was teeming with beautiful Red Admiral butterflies gorging on the windfalls.

Areas of the garden were set out with beds for asters, dahlias, grasses (to conserve water) as well as a dedicated vegetable quadrant which seemed to be a favourite haunt for common darter dragonflies to bask in the sunshine. A further area, instead of the expected maze turned out to be a small, secluded stage area for theatre and musical productions.

Refreshments of Wormsley-produced fruit juices were provided and enjoyed seated in the sun on the croquet lawn; the garden was amazingly tranquil and peaceful ensuring that no one wanted to leave!

Many thanks to Ben Smith for making this memorable trip possible.

Flackwell Heath Methodist Church

Hello there,

My name is Vicky Everitt and I am the Community Mission Worker for Flackwell Heath Methodist Church – you can find us opposite Swains Market. In my previous role as the Young Families Worker, and as a worshipper at the church, I have become aware of two things: firstly that there are a number of lonely people in our community, and secondly that for families with young children, the Summer holidays can feel very long because all the usual activities that you attend break for the Summer, and trying to find alternative things to do can become costly. So for the Summer of 2020, our friends at Christ Church will be supporting us as we plan and organise a week of fun events/activities for our community to get involved in, (launching Sunday 9 August – Sunday 16 August), as a way of addressing both of these issues, but we would also like YOU to get involved. Flackwell Heath has an approximate population of 6,000 people, of which you are one and/or you are a business or organisation that relies on them. If everyone/every business/organisation gave just one hour of their time to this project, that would equate to over 6,000 hours, just think what that could achieve!

Here are some of the many ways how:

- Are you a local business who could host an event/activity, sponsor an event/activity or even run an event/activity?
- Are you a member of an organisation that runs in the village that could run a taster session to give individuals the opportunity to discover what you do and explore the possibility of getting more involved in the future?
- Are you an individual passionate about community who would like to be part of a team planning and coordinating the event?
- Are you somebody who is passionate about helping families and/or those who are lonely in our community and have ideas about how to help, but not necessarily the time to commit to helping?
- Are you somebody who has experience of planning/organising/participating in holiday clubs, who is unable to commit to helping, but is willing to share your experiences and lessons learnt along the way?
- Are you somebody who can't help on the week, but is happy to help with admin tasks/preparation tasks before hand?
- Are you somebody who is willing to offer some muscle power to the setting up and/or clearing away of activities?
- Are you somebody willing to put a poster in your window to advertise the week?

I cannot wait to hear how you would like to get involved and would love to talk to you about your ideas, so call me on 07979 541 874, or email vicky@gravic.org.uk, and let's make Flackwell Heath the place to be Summer 2020.

Vicky Everitt, Community Mission Worker, Flackwell Heath Methodist Church

Look 4 A Book comes to Flackwell Heath

This creative idea aimed at getting children excited about reading has made its way to Flackwell Heath, courtesy of local resident Mikela Upton and her young daughter Florence, who is 6 years old. Up and down the country, people have started hiding books in clear plastic bags for others to find, enjoy and either keep or hide again for others to find.

Mikela says "My daughter and I saw this 'Look 4 a Book' idea on social media and decided we wanted to start it here in our village of Flackwell Heath. We love books and want to share the passion that we have with all of you". Mikela and Florence regularly take books to charity shops to be recycled, but like the idea of the books being recycled and re-loved in this unique way instead!

The first three books were hidden on Saturday 12 October, and by that afternoon, one had already been found with the finders promising to hide two more themselves! Mikela and Florence intend to keep hiding books every week, with the hope that others will also get involved and have already received donations of other books to hide.

We hope this literary treasure hunt continues to grow and inspires the children of Flackwell Heath to keep reading! You can find more information on the Facebook page 'Look For a Book - Flackwell Heath'.

NEIGHBOURHOOD WATCH NEWS

Crime in Flackwell Heath

What is happening to our village? It was once considered to be a 'low crime' area with lots of community spirit, but it seems to have changed – despite the efforts of our Community Association and an active Residents Association. In the past few months we have seen reports of a whole range of crimes which adversely affect us all:

- ATM vandalism at Sainsburys
- Egg throwing (ASB) near Chapman Lane
- House breaking/burglary
- Vehicle theft
- Armed robbery
- Moped crime

It is very difficult to get a true picture of crime in our village, as it is believed that many crimes go unreported – because it is felt that 'the police won't do anything'! There is also a lot of mis-reporting of crime by the media. For example, the Bucks Free Press reported 9 incidents for one small gated area in the village, where in fact there had been NO crimes. Crime statistics on the Internet often attribute crimes to roads which aren't even in Flackwell Heath!

Following the most recent incident when a young man on a moped was attacked, one of the comments posted on the village Facebook page suggested that what we needed was 'Neighbourhood Watch'. Sadly, Neighbourhood Watch (NHW) – which is well established in our village – will not stop these sorts of crime being committed, as in many cases the culprits are from outside the village. However,

NHW does encourage everyone to take a more proactive approach to crime prevention/reduction and personal safety, and encourages us all to be more observant about the environment in which we live. Many of us now carry so-called 'Smart Phones' which invariably include a camera facility, so if we see anything suspicious – or even a crime in progress – we have the ability to take a photo, which can be of immense value to the police. If we are a victim of crime of any sort, this should be reported to the police. If they don't know about it, how can they be expected to do anything about it?

Morning WI

No speaker in October as we held our Annual Meeting to elect a new committee. We finished with a quiz. In November we will hear from Tony Eaton, speculating on the intriguing question 'Invasion 1940: What If?' We meet on the 1st Wednesday of the month at 10am in the Sarney Room at the Community Centre and visitors are welcome.

Evening WI

At the Annual Meeting, the Committee was re-elected unchanged and so was the President, Barbara Dickinson. We had a visit from a WI Advisor, Judith Forster, who supervised the elections.

Ruth Walne, one of our members, spoke about Mercy Ships, a charity

which sends a hospital ship to various ports in Africa. There they perform many otherwise-unobtainable surgical operations, often life-changing, on local people. At the same time they train local medical staff in modern techniques and donate equipment. Ruth, an orthopaedic nurse, has served several tours and is going again soon.

A number of our members went to a very enlightening and entertaining afternoon entitled 'Women in Uniform', organized by the Bucks County WI. Three ladies from the Armed Forces Diversity Engagement Team inspired us with their action-packed accounts over 25 years' service defending our country and helping train civilians in different skills. The Forces after many years now has equal pay and opportunities so all

women can choose any role and achieve any rank.

Mrs Julia Upton MBE spoke about her very busy role as a High Sheriff of Buckinghamshire.

Tracy Strain, who is part of the WI Denman Team, gave us an insight into the differences between working in the Forces' mainly male environment and an all-female work place.

At the end, there was some uplifting music from the all-female Saxophone Quartet from RAF Halton Voluntary Band to get our feet tapping.

November will be our 62nd Birthday Meeting, where we have a buffet meal and, undoubtedly, a laugh! (Everyone has to wear a home-made party hat).

The competition to design the new badge was very popular across all ages.

Here are the designs that were **highly commended** by the judging panel for originality, design and colour, as well as a recognition of the history of the club and village. The winning design will be revealed in the December issue of The Grapevine.

Serbian Spruce, *Picea omorika*

Serbian Spruce

The tree illustrated grows in the front garden of a house at the Northern Woods end of the Straight Bit, close to the footway. It is a conifer which is native to eastern Bosnia and western Serbia. Once widespread across most of Europe before and during the ice ages, it is now restricted to about ten locations in a small area of the mountains from 800 to 1600m altitude. It is classified as Endangered. This decline is mostly a natural process; it is cold-adapted with a short growing season, and in the warming climates since the last ice ages it has been unable to compete with faster growing species.

In cultivation the picture is much brighter. The tall, graceful, columnar shape makes it an attractive tree. It doesn't need a great deal of space, and will grow on a wide range of soil types, from sandy through to loams. It doesn't suffer much from pests and diseases, and being slow growing requires little routine maintenance. This combination of qualities makes it a popular tree for decorative planting, and it is found widely in parks, gardens, even domestic gardens all around the world. It can grow to 25m tall in this country, though the tallest trees tend to be in the north west and Scotland where it is wetter and cooler than here.

The long straight trunk of the Serbian Spruce gives it some uses in forestry, but for this purpose the Sitka Spruce, which is faster growing and even more tolerant of soil type, is generally preferred.
